Third International Conference on Advances in Computer Science and Application – CSA 2014, organized by ACEECom, aims at bringing together the Professors, Researchers, and Students in all areas of Computer Science, Information Technology, Computational Engineering, and Communication, and to provides an international forum for the dissemination of original research results, new ideas and practical development experiences which concentrate on both theory and practices. The conference will be held at Sep 14-15, 2014; Lucknow, INDIA to focus on the frontier topics in Information Technology & its applications in Computer Science, Information Technology.

International Conference on Advances in Computer Science and Application – CSA, to focus on the frontier topics in Information Technology & its applications in Computer Science, Information Technology. We seek novel submissions in Computer Science and its advances with the help of Information Technology with an emphasis on complete end-to-end systems and their raw materials. The conference will be organized into two broad categories, with topics of interest including Computer Science, and Information Technology, but not limited to the topics mentioned strictly.

Track1 - Computer Systems & Modelling

Track1 - Database & Data Mining

Track2 - Intelligent Systems

Track3 - Gaming & Animation

Track4 - VLSI & Embeded Systems

Track5 - Image processing

Track6 - Security & Encryption

Track7 - Parallel and Distributed computing

Track8 - Information Systems

Track9 - Software Engineering

Track10 - Mobile & Ubiquitous computing

Track11 - Data Communication & Networking
